# ...Announcement...

## To Our Fellow Breeders and Farmers:

In presenting this, our first sale catalog, we wish to extend to you all a cordial invitation to come and spend the day with us, October 13, 1914, on which day we will give you an equal split of our herd of cattle.

We are listing nothing, to the best of our knowledge, but what are clean and sure steady breeders.

The cattle have been a source of pleasure and profit to us, and we are sure they will do the same for you. We are putting in no foot notes and will leave all of that to the field men.

Also, please bear in mind the sale the day following. E. B. Thomas of Audubon, Iowa, sells fifty head of good cattle. Make your arrangements to attend both sales.

## Guarantee

All bulls are guaranteed breeders, when properly cared for, and not allowed to run with the herd. Should a bull fail to breed, we must be notified within six months from date of sale. We reserve the right to have bull returned to us for further trial, bull to be in as good condition as when sold. If he then fails to breed for us, we will replace with as good a bull, or refund purchase price, shipping expenses to be stood by purchaser. All females are guar-

anteed breeders, when properly cared for. A cow with calf at foot, or safe in calf, are proven breeders and carry their own guarantee. All known defects will be pointed out sale day. Cattle at purchaser's risk as soon as bid off.

#### **Terms**

Cash, or twelve months' time will be given on approved notes, bearing 8% interest. Parties wishing time, must make arrangements with the clerk prior to or during the sale.

#### **Bids**

If you are unable to attend the sale in person, you may send sealed bids, or telegraph same to any one of the auctioneers or field men.

Cedar Creek Blossom 18544—red bull calf at foot.

**Cruickshank's Orange Blossoms**—are descended from Jessie by Sovereign. This family is from the same foundation as the Queen of Beautys coming through Queen of Scotland, a daughter of Edith Fairfax by Sir Thomas Fairfax (5196), whose daughter, Queen of the South, was one of the greatest cows in her day in all Scotland. Mr. Marr's great bull, William of Orange, was one of the noted Orange Blossom family, as was also the prize winner, Imp. Orange Blossom 18th, sold in 1876 for \$3,500, and considered almost a model of perfection. She had much to do with bringing Scotch cattle into the popular favor they enjoy.

**Cruickshank's Orange Blossoms** are descended from Jessie by Sovereign. This family is from the same foundation as the Queen of Beautys coming through Queen of Scotland, a daughter of Edith Fairfax by Sir Thomas Fairfax (5196), whose daughter, Queen of the South, was one of the greatest cows in her day in all Scotland. Mr. Marr's great bull, William of Orange, was one of the noted Orange Blossom family, as was also the prize winner, Imp. Orange Blossom 18th, sold in 1876 for \$3,500, and considered almost a model of perfection. She had much to do with bringing Scotch cattle into the popular favor they enjoy.

**Imp. Josephine**—was bred by J. Whitaker, in England; brought to America in 1835 by the Ohio Co. She went to Kentucky in the hands of James Renick and bred many valuable animals. Among her descendants were the two celebrated sires, Gen. Winfield Scott and Renick, both used by the veteran breeder Abe Renick, and every descendant of Rose of Sharon, bred by him, carries her blood through their parental lines. An analysis of the pedigree of this noted cow will certainly excite the admiration of the most fastidious admirer of Collings and Bates best blood. Josephine was a very successful show cow, having won many prizes at the fairs of Ohio. This is one of the richest pedigrees to be had of this family.

**The Lavenders**—were always very highly esteemed at Sittyton and Mr. Cruickshank attributes much of the excellence of the Sittyton herd to the blood of the Lavenders as they are a family distinguished for their neatness of bone, mellow handling, fine fleshing qualities and development of good milkers. **Imp. Barmpton Leaf**—bred by A. Cruickshank and imported in 1888, by Luther Adams, Storm Lake, Iowa, and sold by him to Hon. Pliny Nichols & Son, was considered the best and was the highest priced yearling heifer imported from Cruickshank's herd that year. She is what he termed the Barmpton Butterfly family, and no family of cattle stood higher in his estimation than this. Barmpton's Flower was the dam of the great breeding bull Barmpton (37763), that sired Earl of Aberdeen 45992, used by Pliny Nichols; Baron Victor (45944), used by Col. W. A. Harris, of Linwood, Kansas; Spartan Hero 77932, used by Cookson & Sons and later by Milton Jones, and several other bulls imported from 1880 to 1885, a set of bulls to which is largely due the popularity of the Cruickshank cattle today.

**Imp. Victoria 71st**—was bred by Amos Cruickshank and imported by J. I. Davidson, Balsam, Ont. Sanders' History says: "The first of this Mason tribe to enter the Cruickshank herd was Victoria 19th by Lord John (11731). The first produce from her was a pair of twins, Victoria 29th and Victoria 30th. The latter left no female stock. The Sittyton Victorias imported to America have proved among the most valuable Scotch-bred Short-Horns that ever crossed the Atlantic, among which was the noted Baron Victor (45944), that did such excellent service in the herd of Col. Harris.
